

Lover's House: Escape to sensuality...

Description:

A priceless and luxurious mansion tastefully decorated, Lover's House will exceed any expectations of sensual fun. Voted by our knowledgeable guests Spain's number one Swingers Club, our seal of excellence is SDC approved. Our lavish amenities include a relaxing thermal circuit, swimming pool set by the summer bar, various lounge areas and inviting Thai beds, overlooking the Sierra. Mystery is guaranteed should you be indulging in the dark room; although we have also devised various bedrooms including "open beds" for the more traditional crowd.

You will be pleasantly surprised by the quality of our bathrooms and the various pampering features, including bathrobes and flip-flops. Enjoy our indoor bars, cosy lounge corners, luxurious leather sofas and our very own discotheque. Lovershouse also offers state of the art technology with central heating and/or air conditioning throughout the house, TV screens all around, a multi room piped audio system... So, whether you choose to visit for a drink by the cosy fireplace, a pleasant mingle with the other guests or you'd rather join in the more adventurous sensual experience, we truly look forward to welcoming you to Lovershouse.
