

## **CLUB LA COSTA**

### Description:

Reporting to the ICT Director, the role involves supporting and developing software systems across the Sales & Marketing, Administration, Front Desk, Reservations and Owner Servicing operations.

Experience of relational databases and detailed knowledge of SQL server and analyser are essential, and applicants should be able to create, understand and de-bug complex SQL queries. Knowledge of "Timeshareware" would also be an advantage.

The role requires interface with directors, managers and key operational staff, calling for well-developed communication and interpersonal skills and an organised, logical approach with strong management skills, gained in a fast paced environment within a large, complex organisation.

Employment conditions and career prospects are excellent.
