

Bathroom Planning. Supply and Installation

Description:

Pueblo Bathrooms is the leading independent bathroom design, fitting, and installation specialist on the Costa del Sol. We are a dedicated and experienced team of craftsmen, and will be able to effect any request for bathroom fitting and design or unit installation and all associated services including: demolition, plumbing, electrical, - everything from purpose-made halogen down lighters inside a false ceiling, to a complete fantasy ambience using fibre optics or LED's, decorating, and tiling with your choice of tiles. See our extensive image gallery for photos of works we have done for clients or even better contact us to make an appointment and meet us in person.

Custom Made Showers

However big or small your "pamper room" is we can design and manufacture custom made shower bases and enclosures. Your walk-in shower or wet room can be made to your specifications and requirements, using the most exquisite marbles and granites and with customised glass shower surrounds. You can have a truly unique room at no extra cost.

Bathroom Doctor

Do you have a scruffy bathroom and you are trying to sell or rent you house? Tell us about it, we have seen them all! The bathroom is one of the key areas when you are trying to present your house well for prospective purchasers or tenants. See the table below to decide the value of improving your bathroom.

*Please note that all our photos are of actual work we have done and not copied from a catalogue.
